Dear Sir,

This is with reference to the attached GEM bid.

We have gone through the tender document, and we would like to bring it into the attention that the completion period mention for the complete tender is 10 months

As per current scenario, the standard delivery timeline for 400kV Circuit Breakers is as following:

Note No. #1**Attachment:Fw_ GEM_2025_B_5859414 -Query.pdf**

1. 400kV CB with PIR : 18-22 months from drawing approval
2. 400kV CB without PIR: 10-12 months from drawing approval.

Looking into above scenario, we would request you to amend the completion period to **26 months**.

We couldn't upload the above queries

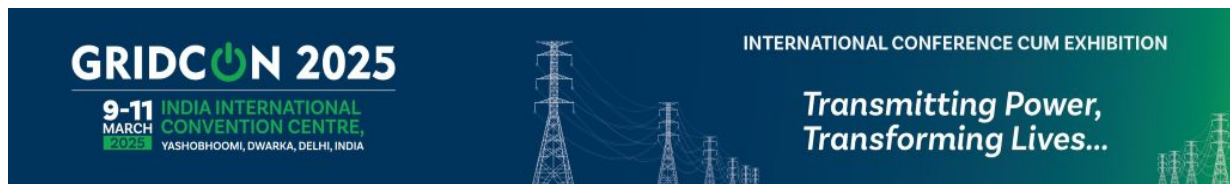

Look forward for your valued reply/corrigendum at the earliest.

With best regards,
Arunava Banerjee
