

**Clarification No-4 dated 07/07/2026 Transmission Line Package TL01 associated with Diversion of 765 kV D/C Dharamjaygarh-Jabalpur Ckt# I & II Transmission line coming in submergence area of proposed construction of Raghavpur Multipurpose Project in the state of MP by Narmada Valley Development Authority (NVDA); Spec. No.: CC/NT/W-TW/DOM/A02/26/07514**

Sl. No.	Category	Reference Clause / Description	Bidder's Query	POWERGRID's Reply/ Clarification
1			<p>During our review of the tender documents, we observed that the scope of work includes the dismantling of existing transmission towers and transportation of the dismantled tower materials to the designated store(s). However, the tender documents do not specify the location or address of the designated store(s) where the dismantled materials are to be transported and handed over.</p> <p>As the transportation distance has a significant impact on the overall project cost, the absence of this information makes it difficult to estimate the transportation cost accurately while preparing our financial bid</p> <p>We, therefore, kindly request you to provide the details of the designated store location(s), including the address or the approximate distance from the respective work sites, where the dismantled tower materials are required to be delivered.</p>	<p>Bidder may contact at address mentioned at Clause 1.4.1 of section-I of technical specification for required details.</p>
2			<p><b>Contact Details for Site Visit:</b>  We request you to kindly provide the name, designation, and contact number of the concerned official/site in-charge for coordinating a site visit. A site visit prior to bid submission will help us assess the site conditions and enable us to prepare a realistic and competitive offer.</p>	<p>Kindly refer clause 2.0 of section-XII of technical specification along with Clause 1.4.1 &amp; 1.5.1 of section-I of technical specification.</p>
