If during evaluation of QR bids it is found that bidder(s) has not submitted some documents pertaining to historical data/fact etc pertaining to work experience already submitted with the bid. POWERGRID reserves right to obtain such documents from the bidder or through its own sources or from its other records and the same may be considered for evaluation.

However, bidders may note that this does not dilute their responsibility to submit a complete and responsive bid comprising all the documents as requested as per the provision of bidding documents or those sought subsequently through clarification.

In respect of the submission of documents with regard to qualification criteria, only related shortfall documents shall be asked for and considered. For example, if the bidder has submitted a work order without its completion/performance certificate, the certificate can be asked for and considered. However, no additional work experience, not already submitted with the bid, shall be asked for so as to qualify the bidder.

22. Preliminary Examination of First Envelope

22.1 The Purchaser will examine the bids to determine whether they are complete, whether required sureties have been furnished, whether the documents have been properly signed, and whether the bids are generally in order.

22.2 The Purchaser may waive any minor informality, nonconformity or irregularity in a bid that does not constitute a material deviation, whether or not identified by the Bidder in **Attachment 6** to its bid, and that does not prejudice or affect the relative ranking of any Bidder as a result of the technical and commercial evaluation, pursuant to **ITB Clause 24**.

22.3 Prior to the detailed evaluation, the Purchaser will determine whether each bid is of acceptable quality, is complete and is substantially responsive to the Bidding Documents. Any deviations, conditionality or reservation introduced in **Attachment 6** and/or in the Bid Form, Technical Data Sheets and covering letter, or in any other part of the bid will be reviewed to conduct a determination of the substantial responsiveness of the bidder's bid. For purposes of this determination, a substantially responsive bid is one that conforms to all the terms, conditions and specifications of the Bidding Documents without material deviations, objections, conditionalities or reservations. A material deviation, objection, conditionality or reservation is one (i) that affects in any substantial way the scope, quality or performance of the contract; (ii) that limits in any substantial way, inconsistent with the Bidding Documents, the Purchaser's rights or the successful Bidder's obligations under the contract; or (iii) whose rectification would unfairly affect the competitive position of other bidders who are presenting substantially responsive bids.

- 22.4 If a bid is not substantially responsive, it will be rejected by the Purchaser, and may not subsequently be made responsive by the Bidder by correction of the nonconformity. The Purchaser's determination of a bid's responsiveness is to be based on the contents of the bid itself without recourse to extrinsic evidence.

23. Qualification

- 23.1 The Purchaser will ascertain to its satisfaction whether Bidders determined having submitted substantially responsive bids are qualified, as per the Qualification Requirement specified in the bidding documents to satisfactorily perform the contract. The Purchaser shall be the sole judge in this regard and the Purchaser's interpretation of the Qualification Requirement shall be final and binding.

- 23.2 The determination will take into account the Bidder's financial and technical capabilities. It will be based upon an examination of the documentary evidence of the Bidder's qualifications submitted by the Bidder in Attachment 3 (QR) to the bid, as well as such other information as the Purchaser deems necessary and appropriate. This shall, however, be subject to assessment that may be carried out, if required, by the Purchaser as per the provisions of the bidding documents. The Purchaser shall be the sole judge in this regard.

- 23.3 The Purchaser may waive any minor informality, nonconformity or irregularity in a bid that does not constitute a material deviation, affecting the capability of the Bidder to perform the Contract.
