Dear Sir,

Sub: "Notice for Regulation of power supply" for default of M/s TRN Energy Pvt. Ltd in payment of dues.

Ref : 1. Your letter ref. TRN/PGCIL/2020-21/3298 dtd 29.10.2020
2. Our letter ref : CC/Comml/ROP-TRN/2020 dtd 24.12.2020
3. Your letter ref. TRN/PGCIL/2020-21/3322 dtd 22.01.2021
4. Our letter ref : CC/Comml/TRN dtd 22.01.2021
5. Your mail dtd 25.01.2021

1. M/s TRN Energy Pvt Ltd (TRN Energy) is a Designated Inter-State Transmission System Customer (DIC) which is availing Inter-state Transmission System (ISTS) network for transfer of power from its generating plant at Chhattisgarh to different parts of country and is under obligations to make timely payment of transmission tariff and to open requisite Letter of Credit (LC) towards Payment Security Mechanism (PSM) in line with Transmission Service Agreement (TSA) dtd 06.08.2012 referred above and CERC Regulations.
2. It is mentioned that Long Term Access (LTA) quantum of 393 MW of TRN Energy is under operation and as per the terms of LTA Agreement dated 24.02.2010 TRN Energy are liable to pay the transmission charges from the date of LTA operationalization.
3. It is, however, a matter of serious concern that TRN Energy is failing repeatedly in make timely payment against the monthly bills raised on it towards transmission tariff despite regular follow-up by CTU and commitments by TRN. As a consequence, the total dues of TRN Energy have accumulated to **Rs 96.33 Crs** as on date, which includes an amount of **Rs. 92.37 Crs.** > 45 days (an amount of **Rs. 76.67 Crs.** has even crossed 60 days out of which an amount of **Rs.39.38Cr.** is pending for >120 days) based on the bills already raised by CTU.
4. CTU has been mandated with the responsibility of Billing, Collection and Disbursement of transmission charges collected from all the DICs to respective ISTS licences in the country. Such huge outstanding dues as brought out above are seriously affecting the cash flows of all the ISTS Licensees and causing adverse impact on the ability to carry on as a business enterprise and to fulfil loan repayment liabilities towards creation of transmission assets.
5. Regulation 4 of CERC (Regulation of Power Supply), 2010 reads as under:-
"In case of outstanding dues or in case the letter of credit or any other agreed Payment Security Mechanism is not maintained as per the Agreement, the generating Company or the transmission licensee, as the case may be, may serve a notice for regulation of power supply, on the Defaulting Entity, for reducing the drawl schedule in the case of the generating company or withdrawal of open access / access to Inter-State Transmission System in the case of the transmission licensee."
