OFFICE MEMORANDUM

Subject :- Review meeting in DARPG regarding redressal of public grievances in Central Ministries/Departments/Organisations .

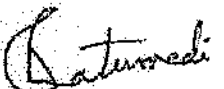

A meeting was held in Ministry of Personnel, PG&A / DARPG on 15-5-13, regarding the above subject, which was attended by the Public Grievance offices of all Ministries. In the meeting, the pending cases and reasons for delay in their disposal was discussed. During the discussions, DARPG pressed on the need to expedite disposal of the pending cases. The cases which are more than one year old should be disposed off on priority. During the discussions, it was known that some Ministries/Depts/PSUs keep grievances pending even though the matter is subjudice, or it's a policy matter which take considerable time, or some other Department/Organisation/State are competent to give relief to the individual. In some cases, final reply have been sent but not properly disposed off in the PG-portal of DARPG. Therefore, during the discussions the following broad guide lines were given by DARPG for disposal of public grievances :-

- a) **"Disposal" on PG-portal** : In cases where final replies have been issued, it should also be properly "disposed off" in the PG-portal - otherwise it will remain as "pending" in the PG-portal.
- b) **Court cases** : Grievances regarding matters which are subjudice in any court of law should not be kept pending till outcome of the court case. The grievance should be disposed off informing the individual that as the matter is subjudice no further action can be taken on his representation & so he may wait for the outcome of the court case. The case should also be disposed off in the PG-portal.
- c) **Matter of other Organisations, State Govt/State PSUs/SEBs etc** : Grievances regarding matters in which some other department / organisation / State Govt / SEBs are only authorized / competent to give relief should be forwarded to them for disposal. And, the Dept/ Organisation / PSU forwarding the public grievance should show these cases as disposed off in the PG-portal.

...cont/-

20/5
→ CN (ZR) sl. Nagi

- d) **Policy/Project/Five Year Plan Matters**: In public grievances regarding matters requiring policy decisions/projects/Five Year Plan etc, which are time consuming, the complainant should be informed that the matter requires policy decision/review/long term planning etc. which will be taken in due course on its merit, or that the matter is being reviewed etc as per factual position in the matter, and the grievance-application can be disposed off in the PG-portal. However, the policy matter may be considered separately as per requirement and the individual be informed as and when the final decision is taken. In such a case, where in-depth study/review of policy matter is required, disposal of "grievance-application" and disposal of "grievance matter" can be taken up separately.
- e) **Suggestions/views etc** : At times even suggestions/views etc, which have no grievance matter, are submitted by individuals on PG-portal. Such matters should be disposed off informing the individual that it is not a grievance matter and that his suggestions/views will be taken into consideration on its merit at appropriate time.
2. **More than 1 year old case** : In the meeting, the Chairman JS(IE&C), DARPG, also mentioned that at present there are 33 cases in Deptts/PSUs under this Ministry, which are more than 1 year old. These cases should be disposed off on priority within this month. It is therefore requested to dispose off the pending cases, especially cases which are more than 1 year old, on priority, following the above mentioned guidelines.
3. In the meeting, DARPG mentioned that they will be conducting a workshop to train the concerned Grievance officers in the Ministries/Deptts/Orgs/PSUs etc. As soon as the date for the workshop is fixed, it will be conveyed to all Deptts/Orgs/PSUs under MoP.
