APPLICATION FOR INFORMATION UNDER THE RTI ACT, 2005

Dated, New Delhi, the 7 Sep 2013

To Shri Tilak Raj, Asstt Secretary (P&A), Public Information Officer, Central Electricity Regulatory Commission. 3rd & 4th floor, Chanderlok Building, 36, Janpath, New Delhi - 110 001.

Subject: Supply of Information under the RTI Act, 2005.

Sic.

1. Name & Address of Applicant: S. N. Banerjee, BA/8-B, Janakpuri, New Delhi - 110058.

Details of the case: 2.

- The Electricity Transmission Lines and the Towers, more often than (a) not, involve appropriation of Private lands all along the routes of these lines. The Towers and HT lines pose serious dangers to the lives, human and livestock alike. The norms of safety significantly restrict the utility of the lands beneath the Lines in the entire route of the lines.
- Land is a scarce commodity. With the rapid Industrial growth all (b) around and increase in residential use of the available vacant areas, indiscriminate and unplanned use of any area for Transmission of electricity would seriously jeopardize development.
- Public awareness in this regard relating to the Rules governing utilization of private lands and rights of land owners in the matter is extremely limited. Redressal of grievances, if any, mostly remain 54/6.60.1/mic. 831.8 unresolved.

Shings.

3. Particulars of Information Required:

- (i) Whether any standard operating procedure or laid down norms are followed in selecting location of towers and routes of the OH lines? If so, copies of such documents may be supplied.
- (ii) If there is no such procedure or norms being followed, please intimate the basis on which the alignment and route of the High Tension Over Head lines are decided.
- (iii) Whether there is any mechanism or procedure laid down for integrated planning or for comprehensive overview involving multiple HT lines passing through the same area. If so, copy of Rules/ procedures /guidelines may be furnished.
- (iv) While deciding the route of the OH Lines, whether concurrence of the State Govt/ Local Bodies is obtained? Or, whether any consideration is given to the Notified present land use plan, as may have been promulgated by the State Govt.?
- (v) Who is the Competent Authority who decides the final route and alignment of the HT lines? Details of such authority may be intimated.
- (vi) Who is the competent Authority to whom a complaint can be lodged regarding the proposed route or a request for change of route can be made?
- (vii) Please intimate the Law/ Rules/ Authority which provides for appropriation of privately owned lands for erection and positioning of the Towers? Copies of such Acts/Rules may be supplied.
- (viii) Whether it is obligatory to obtain consent of the land owners before deciding the location of the towers or course of the route of the Over Head Lines? If so, Provisions/Rules in this regard may be supplied.
- (ix) Whether Public Notification of the route of the High Tension Over Head Lines is mandatory under the Statute or the Rules? Copy of the Rules regulating such notifications may be furnished.

- (x) What are the Norms and Rules which lay down the land area requirements for installation of the Towers? Copy of the Rules/ Manual may be supplied.
- (xi) What is the status of the lands, vis-à-vis ownership and utilization, in respect of the lands on which the Towers are erected? Legal provisions in this regard may be furnished.
- (xii) What are the provisions and safety norms for lives and live-stock in the tower area and the HT over head lines? Copies of the Rules/manual/guidelines in this regard may be supplied.
- (xiii) How much land area comes under the category of Safety zones of the Towers and the Over Head Lines? Copies of the Rules/ Manual/ Guide Lines regulating such requirements may be supplied.
- (xiv) What are the restrictions and limitations imposed upon use of the lands under safety Zones and maintenance passage in the route of the HT Lines? Copies of the relevant Rules/ Manual may be furnished.
- (xv) What use the lands within the piers of the Towers and beneath the OH HT lines can be put to. Relevant Rules/ Manual may be furnished.
- (xvi) Please furnish copies of the Act/Statute which lay down and regulate provisions of payment of compensation for use of private owned lands for the Towers and OH Lines.
- (xvii) Whether compensation is payable to the land owners for the permanent severance of the lands occupied by the Towers? If so, the detailed Procedure, Rules and basis for computing such compensation may be furnished.
- (xviii) Whether any compensation is payable for the restrictions and limitations imposed upon the utilization of the lands under safety zone and maintenance line along the route of the OH Lines? If so, the detailed procedure and basis for calculating such compensation may be provided.
- (xix) If no compensation is payable for restricting the use of land involved, the rationale and reasons for the same may be communicated along with supporting Rules, if any.

- (xx) What is the basis and consideration for calculation of compensation where the Towers and OH Lines are proposed to be erected in the areas earmarked for Industrial /Residential use, particularly, as the areas involved would lose such utility and potential.
- (xxi) Whether Power Tariff charged from the end consumers includes the element of compensation paid for the lands held/used by the licensees/authorities? If so, details of such consideration may be communicated
- (xxii) Kindly intimate the total length of 220 KV, 440 KV and 765 KV HT lines, as installed at present in India. State-wise figures may be furnished.

(xxiii)State-wise details of the proposals under consideration/sanctioned for further augmentation/ erection of these III lines may be furnished.

4. It is prayed that the information sought, as above, may kindly be supplied to me for my information and appropriate action, if any.

A postal Order of Rs. 10/- only is attached as required under the Rules.

Thanking You,

Yours Truly,

(SN Banerjee)
