We have been living in the mentioned rural area since our birth. Agriculture is our main source of income. We have been informed that a power transmission tower (Tower name: 70 A/0) (Capacity: 400kw) is going to be built in our agricultural land. They are planned to remove a large number of tamarind trees and coconut trees from our land.

Kindly give me the below mentioned details:

- Information Sought :**
- 1.What is the compensation amount for a single tamarind tree (10-15years old) as per government rule
 - 2.What is the compensation amount for a single coconut tree (20-25 years old) as per government rule
 - 3.Is there any compensation for the land (around 50 cents) which they are taking from us to build the power transmission tower. If so, kindly give us the compensation amount.

Thank you,

Yours, faithfully,

Ranjith BS.
