Ref: (i) Letter from CPIO, POWERGRID No. सू.का अ.अ.,05/आंतरिक -13/194 dated 18th February, 2014
(ii) Letter dated 11th February, 2014 from Smt. Mini T.N.Thaliyil to CPIO, POWERGRID

Dear Sir,

The information sought vide para 1 to 5 pertains to Long Term Access (LTA), Medium Term Open Access (MTOA) and transmission system planning. Central Transmission Utility (CTU) has been designated as the Nodal Agency for (LTA) and (MTOA) as per the Central Electricity Regulatory Commission (Grant of Connectivity, Long-term Access and Medium-term Open Access in inter-State Transmission and related matters) Regulations, 2009, as amended time to time.

In para-1, information on TTC, ATC and reliability margin for the period Jan'14 to Dec'15 has been sought. RLDCs have been designated as Nodal Agencies for Short Term Open Access (STOA) and NLDC declares TTC and ATC only **three months in advance** for facilitating STOA. Thus only part of the information sought vide para-1 are available with NLDC. TTC, ATC and Reliability Margin for the period from January 2014 to May 2014 are available on our website, link given below:

<http://www.posoco.in/2013-03-12-07-09-55/monthly-atc/2014/may-2014>

Computation of TTC and ATC are done as per methodology given in Detailed Procedure for relieving congestion in real time operation under Regulation 4 (2) of the Central Electricity Regulatory Commission (Measures to relieve congestion in real time operation) Regulations, 2009 approved by CERC. Weblink to the procedure is given below:

Since large part of information sought shall be supplemented by CTU, it is requested that CPIO, POWERGRID may provide the balance information to the applicant under RTI Act, 2005.

Thanking You,

Yours faithfully,

Mani
