**Subject: Information under RTI Act 2005 from PGCIL.**

Sir,

Please refer your RTI reply dtd. 24<sup>th</sup> July 2014, ref CP/RTI/2014/44 which was received in the end of July 2014.

Information sought was all the internal approvals taken against RTI replies. Whereas CPIO is writing that RTI replies already given. Moreover, RTI was sent on 13<sup>th</sup> May 2014, but CPIO bothered to respond after Two and half months. In spite of such an inordinate delay, he did not provide even a single copy of any internal approval. In addition, he is inviting me for inspection on his own. It seems CPIO is undermining the powers of RTI act 2005.

It is a fit case of penalty u/s 20 (1) of the RTI Act for prima facie denying the information to me with malafide intention, thereby causing obstruction to the supply of information to me.

I request you to provide me all the internal approvals taken without any further delay failing which I shall be constrained to move to hon'ble CIC.

*AS*

Your Sincerely  
Ch. Ajay Singh
