भवदीय,

(अजय होलानी)

अपर महाप्रबंधक (के.आ.) एवं के.लो.सू.अधिकारी

Email ID: cpio.cc@powergrid.co.in

Attach: As above

Q1. As per the law at what rate the corporation acquired the land for construction big construction tower?

Reply: Power Grid Corporation of India Limited (POWERGRID) is a Government of India enterprise and also designated as "Central Transmission Utility" (CTU) of the country by Ministry of Power (MoP) under section 38 of the Electricity Act, 2003. Being a CTU, it is also a "Deemed Transmission Licensee" under section 14 of the said Act. POWERGRID has been vested with the powers of Telegraph Authority vide MoP's Gazette Notification dated 24.12.03 under section 164 of the Electricity Act, 2003. Section 10 (b) of Indian Telegraph Act 1885 prohibits acquisition of any rights other than that of use only in the property under, over, along, across in or upon which the telegraph authority places any telegraph line or Post. Hence, POWERGRID is not required to acquire land for transmission line towers.

Q2. After acquiring the land who has the right of ownership of land?

Reply: Since POWERGRID is not required to acquire land for tower footing, ownership of land remains with the owner and is allowed to continue cultivation after construction.
