 S. (S. M) 15/12/15

I request you to kindly furnish information for the following under Right to Information Act, 2005 with regard to payment of compensation towards crop or structures coming under Right of Way and tower base of transmission lines of different voltage.

1. What are the guidelines to be followed by transmission laying company with regard to compensation to crops or structures coming under Right of Way and tower base?
2. What is the width of Right of Way considered for compensation purpose for 400 kV power transmission line?
3. Is the crop or structures coming under Right of Way are eligible for compensation or not?
4. Who will prepare the estimation of compensation amount to crops or structures belonging to farmers land coming under Right of Way? Is it concerned Government departments or tendered company?
5. If a government department prepares compensation estimate for crops or structures belonging to farmers land coming under Right of Way, is it mandatory for the transmission laying company to accept the report or not?
6. If transmission laying company doesn't pay compensation according to estimation report given by concerned government department in the state, what legal actions can be initiated against it ?
7. What are the guidelines to be followed for giving compensation to crops or structures by the projects implementing under Built, Operate, Own, Manage concept ?
8. If the tendered company under BOOM concept, found not following guidelines for giving compensation to farmers, what action can be initiated against them ?
9. What is the compensation procedure to land falling under right of way and tower base of transmission line ?
