Sir,

with due respect I beg to say that with reference to your advt no: OP/2017/1 Dated 30-12-2017 of odisha PGCIL It was clearly mentioned that For post ID-1 candidates with/without above mentioned qualification but having higher qualification of B TECH in the relevant discipline in engineering with minimum 65% marks or more shall not be a bar for the respective post.

So I have two questions for this changed rule

1- If a degree (B tech) student can apply a diploma trainee(Electrical) post than why should not a Diploma student apply in a ITI (Electrical) level Jr Technician Trainee post ?

2- Why should not be there a separate recruitment conduct for higher post (B Tech) ?
