Sub Application under RTI Act

It is requested that the following information may be supplied under RTI Act

Description After the award of Teesta III project to Teesta Urja Ltd PTC India signed a PPA dated 28-7-2006 with TUL for purchase of total power from TUL , and PTC signed 4 nos PSAs in Sept 2006 with Punjab, Haryana, Rajasthan and UP Discoms for sale of 340, 200, 100, 200 MW respectively from TUL . PTC submitted long term open access application dated 9-11-2006 to PGCIL (CTU) . PGCIL (CTU) vide its letter 26-5-2009 approved the LTOA to PTC with the condition that the generation project developer should construct 400 kV D/Ckt line with quad moose conductor from Teesta III to 400 kV Pooling station of PGCIL at Kishanganj(Bihar).

However while the Teesta units (6x200 MW) were put on power generation in Feb 2017 the 400 kV line to Kishanganj is still not complete and completion target is stated as 31 July 2018.

As per CTU approval letter of 26-5-2009 the LTOA for sale of power from Teesta III to the 4 Northern States is possible only if the dedicated line from Teesta III to Kishanganj is completed, and therefore LTOA is not possible in absence of line.

INFORMATION REQUESTED TOBE SUPPLIED

- 1 Please inform the present status of LTOA for PTC to supply 840 MW power from Teesta III to the 4 Northern States (in absence of Kishanganj line).
- 2 Please inform if CTU/PGCIL has issued any subsequent letter to PTC allowing LTOA for sale of Teesta III power to the States of Punjab, Haryana, UP, Rajasthan even in the absence of Teesta III-Kishanganj line.If so, copy of such letter/approval of LTOA may pl be supplied.

RTI Fee of Rs 10 is enclosed
