Sub : Unsatisfactory RTI repply reg:

Ref: 1) my application dtd 02.8.2019.

2) Your letter no SR-II:RTI:F-917:2019/Dated 31.8.2019,

Sir,

Your reply under ref: 2 above is quite unsatisfactory due to the following reason.

1. The actual information sought has not supplied.
2. The address of of the appellate authority as per tha RTI act has not included.

Further, I am aware of the C E A Regulation through my brother relative, an A class Electrical Supervisor + All HT, after retiring from a reputed post from the State Electrical Inspectorate. Also I believe that there is sufficient electrical clearance between the power line and the building in question even if the power line conductor is charged from an 800 kv source.

I repeat my request to supply the information sought vide ref : 1 above. at the earliest, though the specified period has expired to avoid any further hard ship.

Thanking You,
Yoursfaithfully.
R.Ajayakumar.

Vathikulam, dated. 29.09.2019.
