Sub.: Reply to RTI Query by Shri Anuj Narang, Punjab.

<p>Query 1.</p>	<p>I am student in the field of Electrical Engineering and i want to know about the recruitment process in the PGCIL for color blind persons as far have i read about your medical standards available on your website you only have mentioned that color blind students aren't eligible since color blindness can be of different types like we see in military grades CP I, CP II, CP III.</p> <p>the person who can see all the colors and can differentiate between Red & Green but unable to read some of the ISIHARA Plates is called Mild Deutan Color Blind. Since he is not fully color blind and can Differentiate between colors, Is he eligible for the technical post?</p> <p>Please explain and what if he clears exam for DIPLOMA TRAINEE, can he be given non-technical post?</p>											
<p>Reply 1.</p>	<p>Medical Fitness of candidates can be ascertained only by Authorized Empaneled Hospital of POWERGRID in line with POWERGRID standards of medical fitness which are also available at career section of our website.</p> <p>Candidates applying against Diploma Trainee post will be considered for the same post only.</p>											
<p>Query 2.</p>	<p>May i know the promotion process if Graduate in Electrical Engineering recruited through GATE, and also if he gets recruited through Diploma trainee exam, what are promotion aspects in both posts considering he has diploma with Engineering degree ?</p>
