Sub.: Reply to RTI Query by Shri Yashpal, Haryana.

1. Query :

Is there any farmer all across India who got land compensation for his land used by Power grid for electric tower if yes then details of farmer, year, electric line name ?

1. Reply:

Yes, POWERGRID is paying land compensation for the transmission lines being constructed in States as per the provisions of the State Govt. orders/ directions, which have adopted and issued appropriate direction / order for implementation of Ministry of Power (MoP) guidelines dated 15.10.2015. As per the information available till date, only 16 states viz. Andhra Pradesh, Assam, Chhattisgarh, Gujarat, Kerala, Karnataka, Madhya Pradesh, Maharashtra, Tamil Nadu, Jharkhand, Sikkim, Manipur, Uttar Pradesh, Uttarakhand, Mizoram, Arunachal Pradesh have adopted MoP guidelines.

With regard to information regarding details of farmer, year, electric line name, it may please be noted that establishments of POWERGRID are spread all over the length and breadth of the country and its various operations / functions are being carried out in a decentralized manner, and records are maintained at respective site offices. For compilation of such voluminous information, a considerable amount of resources are required to be deployed which would disproportionately divert the resources of Public Authority.

2. Query :

Land Compensation provided by Power grid ?

2. Reply:

As brought out above providing such voluminous information is not possible. However, for information sake details on one such case on sample basis (Gujarat) is attached as Annexure-1.

-----x-----

Annexure-I

Power Grid Corporation of India Limited, Banaskantha

(A Government of India Enterprise)
