Information Sought :	Please see pdf. Please inform amount of monies that have been invested in importing the Aluminium based and Steel based ERS towers and their spares for Emergency Restoration Purposes in Power Grid Corporation and in other State Transmission Utilities from USA and Canada, when infact the same monies can be invested in manufacturing these ERS towers in India using Aluminium and Steel. There is huge difficulty in handling such oversized ERS towers and even if desired to make them oversized, they can be made so locally in India. This shall also giveboost to Atma Nirbhar movement in India.
