<b>Information Sought :</b>	<p>My name is prithvi Kota. I did my Btech from IIT madras , I have a CGPA of 7.1 and we have a formula that makes it 66% when calculated in percentage. I would like to know if I want to apply for ET post at power grid, I am eligible or not? The main concern is that even colleges in India which are not even listed have percentage conversion formula as (x10) at very nominal curriculum curriculum. Because of this criteria I am missing the opportunity with power grid. Please let me know if I am eligible for ET(Executive Trainee) position through gate 2021.</p>
