Information Sought :	<p>It is requested that as per your instructions i appeared in the office of executive engineer electrical ballia with all the evidence, but after a week run, no action was taken even though your instructions and our repeated requests did not have any effect. the payment of our bill was correct by august 2020 by the executive engineer of electricity bill payment office and it was also informed that my bill has been paid by august 2020, now no amount or additional meter reading is left. but due to the negligence of the executive engineer and meter reader and despite having submitted till august without reading the meter, the bill of meter reading of the last months has been given since august. I want to inform that the bill has been provided without checking the meter at the right time and in the right way. therefore sir it is a humble request that it should be properly investigated and tell me properly that why electricity office gives me wrong bills</p>
