CPIO's Order/Decision No. : Details not provided	
Ground For Appeal : Provided Incomplete,Misleading or False Information	
Text of RTI First Appeal :	I seek 3 information's under the said RTI. The first and second information are provided correctly. However the third information was sought as below Quote If power drawn from the tertiary winding is not free, and PGCIL is paying to the respective DISCOM (wherever respective PGCIL sub station is located), my question is whether PGCIL is paying only energy charges or capacity charges also? Unquote The above query was responded incompletely as below Quote Payment against consumption of power from tertiary is being done by concerned sub station based on bill raised by respective DISCOM. Please direct the PGCIL to clarify whether bills raised by respective DISCOM contains only energy charges or capacity charges also.

Sub.: Reply to RTI Query by Shri Vala Bhupendrakumar R, Gujarat.

Information Sought:

It is understood that Powergrid AC substations needs auxiliary power. As a general practice, the power is drawn usually by 2 feeders, one feeder from state DISCOM and other from the power drawn through tertiary winding of ICTs. I seek below information under RTI act.

- (1) Whether the power drawn through tertiary of ICTs is free power or PGCIL is paying to respective state utilities.
- (2) Whether is there any allocation of auxiliary power to PGCIL AC substations, from SGCs (To be drawn through tertiary winding of ICTs).
- (3) If power drawn from tertiary winding of ICTs is not free, and PGCIL is paying to respective state DISCOM (Where the relevant PGCIL sub station is located), my question is, whether PGCIL is paying only energy charges OR capacity charges also.

Reply:

- (1) Payment against consumption of electricity for auxiliary power consumption is being done to respective DISCOMs
- (2) No
- (3) Payment against consumption of power from tertiary is being done by concerned substation based on bill raised by respective DISCOM.

---x---
