Annexure-I

As per compliance of Appellate Authority Order No. C/CP/AA/RTI Act, 2005 dated October 21, 2021. The requested information is given as below:

RTI Q3	Particulars of information required: If power drawn from the tertiary winding of ICTs is not free, and PGCIL is paying to the respective state DISCOM (where the relevant PGCIL sub-station is located), my question is, whether PGCIL is paying only energy charges OR capacity charges also?
Appeal	The above query was responded incompletely as below: Payment against consumption of power from tertiary is being done by concerned sub-station based on bill raised by respective DISCOM. Please clarify whether bills raised by respective DISCOM contains only energy charges or capacity charges also.
Reply	As mentioned earlier in RTI No. PGCIL/R/E/21/00339, payment against consumption of power from tertiary is being done by concerned substation based on bill raised by respective DISCOM. Billing regarding energy charges and capacity charges depends on tariff mechanism adopted by the respective state.
