<b>Ground For Appeal :</b>	Any Other ground		
<b>Text of RTI First Appeal :</b>	As per standard format of pre employment medical test available on Powergrid official website the corrected myopia(including cylinder)of a Candidate in eyes should not exceed -6D.But there is no such information available about the candidates who have corrected eye power by LASIK surgery or ICL(Implantable Collamer Lens)surgery.I want to know that, a candidate with having LASIK or ICL surgery in eyes and his/her eye power is now in between the range of prescribed limit of Powergrid then will he/she be accepted for appointment or be rejected for having surgery?
