Sub:- Requesting on stretching hand to help Oriental Oxford Academy just to help you on your power transmission while setting a hundred years extraordinary tower passing through our concerned complex by allotting Rs. 22,72,000 (Rupees twenty two lakh seventy four thousand) only under your disposal therefor.

Sir,
I am pleased to express you that the United Resource Development Society has been working to the service of mankind since its initiation to various sectors like women development, forestation through bamboo project, fishery, agriculture and spl. on human resource development by Oriental Oxford Academy to meet an excellent ground of inclusive growth in our society and always serving for national level as well as to Indian next generation. At present the Residential school itself is being built by an amount of 650 lakh from special economic package under the Central and State Govt. But in course of its tower of power transmission which is to be ever soaring, headed over the complex whereas the United Resource Development Society has to disolve its proposed project of Microfinance building, guest house and super market by hacking Rs. 55 lakh.

Even the tower is also soaring for executive quarter being too closed to it which is being built by an amount of 65 lakh from the Central scheme.

whatsoever it may happen but the Society has given a consentment to the authority of transmission group

to fix the tower aiming at service to mankind of our country. So in this condition we have nothing to express the concerned key persons of the Tower Grid corporation of India Ltd. but to help the Oriental Oxford Academy as we are convinced through a reliable source and appeal to the higher authority just to assist to some extent an amount of Rs. 22,74,000 (Rupees twenty two lakh seventy four thousand) only to meet into the national level of service to mankind as well as to empower in various ground like - Drinking water supply, Furniture, computer, Basket ball ground, Table Tennis, Musical instrument, Teaching learning material and ceiling fan etc. The proposed estimate copy also enclosed herewith this application.

Therefore we appeal with a great confidence that you would kindly be consented to provide all those essential assistance so that the Academy will be empowered to bring an inclusive growth and development in human resource sector while the Grid corporation also highly imminated with the Society itself if so your benevolent attitude is so highly be solicited and thus oblige in the days to come.

Thanking you.

We look forward your wise counselling.

Yours faithfully
