

**ACTION HISTORY OF RTI REQUEST No.PGCIL/R/E/22/00080**

**Applicant Name** rajesh sangwan

**Text of Application**

Respected sir, This is regarding the compensation to be paid to a farmer if he provides his Agricultural land for the installation of high voltage power grid towers. The information required by me is as mentioned below and it is in respect of 765 KV single grid tower installed in my agricultural land at bhiwani, haryana 1. What are all the compensation to be paid to the farmers if his agricultural land comes under the tower. 2. After how much time the dues will be paid to the farmers once process for installation of tower begun. What if it is not paid on time any penal interest is paid to farmer. 3. What is rate of compensation for borewell if it comes under the powergrid high tension cable. 4. What if the land is sown with seeds and crop is in grown condition during the entire process of installation and commissioning of the grid. 5. What is the rate of compensation paid for trees cut due to installation of high voltage tower. Please provide the information at earliest.

**Reply of Application**

Point-wise information is : 1. Only crop/ tree compensation, damaged during the work (foundation / erection / stringing) is being paid. There is no land compensation provision exist. 2. Compensation is being processed only after verifying from the revenue authorities. It takes time of 2-3 months. 3. Depending upon the evaluation of bore well by PHE Department and Deduction of re - usable items of bore well. 4. Compensation for damaged crop / trees is being paid only when the particular work (foundation/ erection /stringing) is in progress. 5. Tree compensation rate depends upon the rate provided by the Haryana Forest Department.
