

ACTION HISTORY OF RTI REQUEST No.PGCIL/R/E/22/00281

Applicant Name Vibhu Gupta

Text of Application

How many MW of connectivity has been allotted to TATA Power in Bikaner in the last one year? How much land have Tata power purchased/taken on lease in Bikaner for PGCIL projects?

Reply of Application

M/s TATA is a solar generator for which a connectivity (i.e. 01No 220kV Bay) was allotted in Bikaner Sub-Station by CTU. POWERGRID site did not have any role in providing connectivity/capacity in this. Further the land purchased/taken on lease by M/s TATA is depending on the approved capacity of their generating plant which was approved by other Govt. Agencies not POWERGRID. The land is then purchased by them only as per their requirement. POWERGRID is not providing any land to any solar developer.
