**Sub: Information under RTI Act 2005-reg:**

Sir,

This has reference to your RTI application received in this office on 26.05.2014 along with Postal Orders towards RTI application fees. On perusal of your lengthy application , it is noted that major part of it are mere allegations, imaginations and a grammatical exercise in English language rather than seeking specific information available in our records. Kindly note that as per section 2(j) of RTI Act 2005 ,"right to information" means the right to information accessible under this Act which is held by or under the control of any public authority. It is imperative to mention that RTI is not about seeking opinion or answering questions .It is about seeking documents or records or taking notes, extracts or certified copies of the documents/records. The CPIO cannot answer questions regarding interpretation of procedures/rules or correctness of a decision taken during the business process of an organization.

Unless the queries raised are specific and clear in nature, replying your queries shall result in disproportionate diversion of our resources . Hence you are requested to prioritize and clearly specify the documents/information required and submit your application with direct and specific queries to enable us to provide the required information .

Thanking You

Encl: As above

Yours faithfully,
