2. My letter dated 13.3.2015.

3. My letter dated 25.4.2015

4. Your letter SRII : RTI : F338 : 2015 dt 29.7.2015

Please refer to my letter referred as two above wherein I have requested the Executive Engineer to revalue the trees and crops destroyed by you because of the 400 KV Transmission powerline from Dharmapuri to Salem passing through my land since valuation of the trees and crops were undervalued.

288
10/8/15

I also requested the Executive Engineer vide my letter 3rd cited to furnish copies of valuation reports of trees and crops destroyed by you corporation because of the 400 KV Transmission powerline from Dharmapuri to Salem passing through my land.

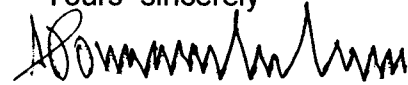

But Executive Engineer have not responded to my letters and to take steps to revalue of trees and crops destroyed and also furnish the valuation reports. So I now request you to furnish the valuation reports under **Right to information act of India** Immediately for which I have enclosed Indian Postal order for Rs. 30 endorsed by postmaster and resubmit the application as suggested by you .

Please note if you do not respond to my letter I would be constrained to seek justice thro' court of law and also through appeal to higher authorities concerned.

Expecting your early response.

Thanking you

Yours sincerely

Respected Sir

Sub ; 400KV powerline passing thro' my land - compensation paid not adequate and reasonable - objection raised - request to revalue the trees and pay enhanced compensation - reg

Ref : Your certificated issued to me by your department officer Thiru. Jumbulingam at K.R. Thoppur Salem under Indian Telegram Act for compensation

1. CCTC No. 637 dt 18.9.2013
2. CCTC No.639 dt 19.9.2013
3. CCTC No. 670 dt 28.9.2013
4. CCTC No.690 dt 10.10.2013
5. CCTC No.1367 dt 9.5.2014
6. CCTC No.1368 dt 9.5.2014
7. CCTC No.1523 dt 9.5.2014

1. I am an agriculturist and own 15 acres land in S.Nos 14/5, 10/16, 7/2, 10/13,14,15, 10/19, at Nainagoundanur M.N.Patti village, Mettur Takuk, Salem District, Tamilnadu. The 400KV powerline is passing thro' my land despite my protest and objection. Because of the powerline, various trees were destroyed and the land affected is about 10 acres.

2. I like to state that for the trees and crops mentioned in the above notices referred your department have paid the following amounts as compensation on four different dates.

1.	2.12.2013	-	Rs. 25476
2.	20.5.2014	-	Rs. 22775
3.	30.8.2014	-	Rs. 1391137
4.	30.10.2014	-	Rs. 59520

Total -----
Rs. 1498908

Though I have received the above compensation amount I Reserved my right to ask for enhanced compensation.

3. I have received the above amounts with objection since the above compensation was not adequate and reasonable and not proportionate to the losses due to destruction of trees and crops and also the valuation of the trees was not reasonable and proper. The area of land thro' which the powerline is passing thro' my land is 10 acres. The trees in the land were coconut trees, mango trees, teakwood trees, piyan plants, Malaivembu trees, neem trees, seetha trees palm trees etc. The crops in the lands were groundnut, cholam, cotton and Horsegram.

4. When your officers approached me for my permission / consent for passing the line thro' my land and also to instal one tower in my land, I objected for the same and requested your officials to deviate the line not effecting my land and crops . But your officers refused to consider my request and promised to pay adequate compensation for the destruction of trees in my land.

Even then I have not agreed. .Then your officers threatened me of drawing the powerline with police protection and I atleast agreed for proposed with objection and I also requested your officer to pay reasonable compensation based on fair and proper valuation. But your officers have not done justice to me because of prejudice and the compensation paid was not reasonable and the valuation was no fair.

5. I doubt that your officers have not paid reasonable compensation to me because of my objection /refusal initially for passing the powerline thro' my land. Your officers have just paid the amount ; but they have not revealed the basis of valuation and they have not produced me copy of valuation reports despite my request.

6. The area of land affected by the powerline passing thro'my land was about ten acres and the value of the land was Rs. 25lakhs per acre. previously . After the laying of powerline the value of land has come down heavily and there is nobody to purchase the land and the loss due to this is about Rs. 250lakhs.

7. I doubt that the mango trees, coconut trees, teakwood trees, malaivembu trees, and piyan trees, were not properly valued based on their life and future values. If the trees were not destroyed now, the trees will grow and give good yield in the future. If the above trees are valued properly as per norms, the value might be as detailed below.

i) **133 coconut trees.**

The trees are 25 years old and the trees may give yield for another 25 years and each tree may give yield to R. 1000/- per year. Thus 133 trees may give yield to the tune of Rs. 1,33,000 per year and the total amount Rs. 33,25,000/- for 25 years for 133 trees.

ii) **Piyan trees 310 Nos - 5 years old .**

After 15 years each tree may be sold for Rs. 10,000 and thus 310 trees may be sold for Rs. 31,00,000/-

iii) **Teakwood trees. 170 Nos - 5 years old**

After 25 years each tree may be sold for Rs. 50,000 and thus 170 trees may be sold for Rs. 85,00,000/-

iv). **Malaivembu trees 127 Nos 5 years old**

After ten years each trees may be sold for Rs. 5000/- and thus 127 trees may be sold for Rs. 6,35,000/-

v. **Mango trees - 6 Nos**

These trees are 15 years old and may give yield to Rs. 1000 per year per tree For another 20 years the 6 trees may give yield to Rs. 1,20,000/-

vi) The other trees and crops were under valued and the actual value may be double the amount as valued by you.

8. When the fact remains as above your officer have paid a negligible amount of compensation of Rs. 14,98,908 only which is unjust and against natural justice and this is not the way poor agriculturist are treated.

So I request you to instruct your officers to value the trees and crops destroyed afresh and pay enhanced compensation .

I also request you to instruct your officers to give me copies of valuation reports for my information and references.

Sir, please note if my request is not considered with is reasonable time, I would be left with no other alternative except to seek justice thro court of law.

Expecting your yearly response .

Thanking you,
