am village - Minjur town and there is this transmission tower which is there in my agriculture land and this fell down during cyclone  
s to complain every body said it will be removed but there was no action taken by your department staff recently i had got an AE n  
ed further in the last three years i am not getting any income from the land in which the tower fell down due to which i lost more than  
respect once some criminals tried to steal some wires we stopped and informed to your staff your staff is shouting at us saying is th  
your department i believe most of your officials are in this mail.

a week i will take this email as proof of intimation and move legally

employees to treat farmers with respect. we are also fellow humans and citizens of this country and kindly remember that a govt office
