District Collector,
Tiruppur District

Sub: Regarding cutting of trees falling in the Right of Way (ROW) of Powergrid transmission line.

Dear sir,

The Powergrid Corporation of India Limited, A Maharatna Company, is an Indian state-owned electric utilities company headquarter in Gurugram, India. POWERGRID transmits about 50% of the total power generated in India on its transmission network. Powergrid have one of its substation in Udumalpet, District: Tiruppur, Region: SR-II. This substation is having total 6 nos of transmission lines passing through the villages of Tamilnadu & Kerala. Powergrid, Udumalpet have one of its line named 400KV Udumalpet-Palakkad D/C line which was commissioned on 12.01.1993. One is passing through many villages of Tiruppur District named Myvadi, Thungavi, Ponneri, Pukkulam, Gangathipalayam, Venasapatti & Anthiyur of **Udumalpet & Madathukulam Taluks**

In exercise of the power vested with Powergrid corporation of India limited, a government of India enterprises, ministry of energy, department of power, under the Indian telegraphic act, 1885, section 10 to 19 read with section 68 and 164 of electricity act 2003, as amended upto date, notice is hereby given to the land owner of the land through which the transmission line is passing, is informed about it and it is also explained that the trees coming in the corridor area of the transmission line will be cut down and corridor will remain empty and no land owner is allowed to plant a tree within this corridor that affects the clearance problem. During commissioning of lines, the trees encroaching in the corridor of transmission lines was cleared by given suitable compensation to the land owner. After commissioning, no further compensation will be entitled. If after commissioning, the land owner supposed to plant a tree in the corridor of our transmission line and which is found infringing and critical, Powergrid has a right to clear the trees in order to maintain sufficient clearance from the bottom/nearest conductor of the line in order to avoid any tripping of lines due to trees.

POWER GRID CORPORATION OF INDIA LIMITED
 (A Govt. of India Enterprise)

Trees overhanging on Lines are covered by the Electricity (Hazards from Trees) Regulations Act, 2002. Tree owners are responsible for keeping their trees away from electricity lines. Tree related power outages are more than just an inconvenience. The Powergrid person has repeatedly requested the land owner to allow the tree to be cut down, but they have been denied every time. Right now the height of the trees has increased to much that the clearance is become low from the line, which is fatal. It needs urgent action. Intimation letter already given to land owner but they not take any action and not giving permission to Powergrid person to cut the trees.

Hence, you are requested to give your support to cut the trees that are infringing/critical to our transmission lines & issue a letter to land owner to support to Powergrid to work in the national interest. You and we are serving for nation and your contribution to help us will be highly appreciable.

Thanking you,

Yours faithfully,
 Pw Powergrid Corporation of India Ltd.

Sub: Regarding cutting of trees falling in the Right of Way (ROW) of Powergrid transmission line.

Dear sir,

Handwritten: f12

Please refer the letter dated 16.10.2020 submitted to Collector, Tiruppur for issuing tree cutting order for the trees falling under the Powergrid owned 400KV D/C Udumalpet-Palakkad line which are in infringing & critical stage comes under the Udumalpet Taluk.

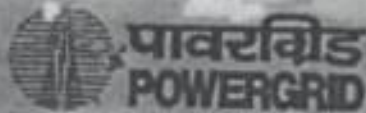

In exercise of the power vested with Powergrid corporation of India limited, a government of India enterprises, ministry of energy, department of power, under the Indian telegraphic act, 1885, section 10 to 19 read with section 68 and 164 of electricity act 2003, as amended upto date, notice is hereby given to the land owner of the land through which the transmission line is passing. Is informed about it and it is also explained that the trees coming in the corridor area of the transmission line will be cut down and corridor will remain empty and no land owner is allowed to plant a tree within this corridor that affects the clearance problem. If after commissioning of line, the land owner supposed to plant a tree in the corridor of our transmission line and which is found infringing and critical, Powergrid has a right to clear the trees in order to maintain sufficient clearance from the bottom/nearest conductor of the line in order to avoid any tripping of lines due to trees.

For uninterrupted power supply it is essential to maintain the transmission lines in trim and healthy condition, for that patrolling of lines were carried out as per schedule. During routine line patrolling work by Powergrid staff, it was observed that trees planted in land encroached in the ROW of 46 meter (23 meter both side from the center of the tower) below Powergrid above mentioned transmission line. The details of trees along with land owner is as per following.

Sub: Construction of Edayarpalayam - Udumalpet 400kV line - Tree assessment and payment of compensation in temple. Porampoke land in the section 17/7-22/0 -Reg.

82

The construction of 400kV Edayarpalayam - Udumalpet line is under progress. It is noted that trees/crop are cultivated by the few land owners in the above said section in the temple. Porampoke land and these trees/crops are to be removed/felled to carryout stringing work and to maintain safety clearance for the subject line. The list of land owners who are cultivating the tree is enclosed in the Annexure-I

The compensation towards trees which are to be removed/felled to the eligible land owners to be settled. In view of that we request that kindly issue necessary orders to settle the compensation to the eligible person as per the assessment of concerned agriculture officer and for the damages to the crop caused during the execution of work.

Thanks, and Regards,
